

MERIT BADGE WORKSHOPS FOR BOY SCOUTS

AT THE SAN BERNARDINO COUNTY MUSEUM

SPRING 2013

INDIAN LORE

Saturday March 9, 1:30-4:30 \$18 for scouts*

Scouts will step back through time, exploring the interesting material culture of local California Indian people. This workshop guides Scouts through their merit badge requirements with ease. Scouts will visit museum exhibit, play authentic games, and study artifacts. Take home projects included.

*The rest of the family is invited to enjoy the Serrano Culture Family Fun Day, happening around the Museum 11:00-4:00. Lots of activities for all ages. Regular admission rates apply.

BIRD STUDY

Saturday March 23 7:00-3:00 \$40 for scouts; parents/leaders attend free; no siblings, please

Can you identify a bird by its song? Scouts will learn to identify birds by both sight and sound, become familiar with bird habitats and explore bird anatomy. This workshop includes van transportation to a nearby birding hot-spot. Registered boys must travel with the group. Participants should bring lunch, water, a snack, and dress appropriately for an easy hike. Bring binoculars if you have them; some binoculars will be made available during the workshop. Space is limited.

MAMMAL STUDY

Friday April 5 6:00-9:00 pm \$18 for scouts; parents/leaders attend free; no siblings, please

OR

Saturday May 18 2:00-5:00 \$18 for scouts; families may enjoy the Museum, regular admission applies

Are mammals attractive because they have hair, because some grow to be very large, or because they remind us a bit about ourselves? Explore the Museum's collections and how we use them in scientific study. Select a mammal from one of our exhibits and dig deeper. Everything is here for a "hair-raising" learning experience.

GEOLOGY

Sunday April 21 2:00-5:00 \$18 for scouts. Families may enjoy the Museum - regular admission applies**

Take a walk down the rocky trail. How do people use minerals, and how do they form in the earth? Ever climb a mountain? How did it get there? Explore these questions, plus talk to our Curator of Paleontology. Find out how museums collect and categorize rock and mineral collections while learning more about what lies right under your feet.
